

*Matt Patrick*  
EDITOR | GRAPHICS | DIRECTOR OF PHOTOGRAPHY

Experienced Video Editor with over 15 years in the industry, specialising in promos and documentaries for BBC, ITV and various independent production companies.

I also edit content for multiple YouTube channels, skilfully integrating sound design and 2D graphics to create engaging and compelling videos that captivate audiences.

My extensive background as a Director of Photography within the TV industry has equipped me with a robust understanding of Production and team leadership for multi-camera studio and location shoots. This expertise in production enhances my editing skills, providing me with a deep insight into workflows and technical solutions.

I work from a fully equipped remote Adobe home studio, offering specialised services in sound design, colour grading, and 2D motion graphics.
